**LOUISIANA PUBLIC SERVICE COMMISSION
PROPOSED GENERAL ORDER
LOUISIANA PUBLIC SERVICE COMMISSION
EX PARTE**

DOCKET R- 31953 - Louisiana Public Service Commission, ex parte. In re: Discussion on formulating and adopting a General Order establishing procedures for the enforcement of the payment of accurate Inspection and Supervision fees by

motor carriers and public utilities, including audit procedures, a hearing process and the establishment of fines and fees for the failure to properly report and pay said fees.

(PROPOSED ORDER)

Purpose

The Louisiana Public Service Commission (“Commission” or “LPSC”) initiated a Rulemaking in order to determine and provide for an efficient and accurate method of assessing and collecting Inspection and Supervision (“I & S Fees”). And to insure that LPSC regulated companies (Motor Carriers and Public Utilities) are properly and accurately reporting their regulated income to the Louisiana Department of Revenue and paying all I & S Fees due the Commission as provided for in La. R.S. 45:1177. The Commission adopted this General Order to provide the above recited goals as well as to provide for the imposition of fines and fees, after notice and a hearing, upon regulated companies who are found guilty of having failed to properly report and pay the I & S Fees due the Commission. Finally, this Order requires that all Annual Reports filed by regulated companies be notarized or certified with a sworn statement as to their accuracy.

Jurisdiction

This Rulemaking was established pursuant to the following Constitutional and legislative authority: Article IV, Section 21 (B) of the Louisiana State Constitution provides that:

The [public service] commission shall regulate all common carriers and public utilities and have such other regulatory authority as provided by law. It shall adopt and enforce reasonable rules, regulations, and procedures necessary for the discharge of its duties, and shall have other powers and perform other duties as provided by law.

La. R.S. 45:1177 A (1) provides that:

Each motor carrier as defined in R.S. 45:162(10) and public utility doing business in Louisiana and subject to control and jurisdiction of the commission shall pay to the state a fee for the inspection, control, and supervision of the business service and rates of such common carrier and public utility, in addition to any and all property, franchise, license, and other taxes, and fees and charges now or hereafter fixed, assessed, or charged by law against such common carrier and public utility. The amount of the fees shall be measured by the gross receipts of each public utility from its Louisiana intrastate business. The amount of the fees for each motor carrier as defined in R.S. 45:162(10) shall be measured by the gross receipts of such carrier derived from those activities that are subject to the control and jurisdiction of the commission.

La. R.S. 45:1179 provides that:

The collector of revenue shall supervise and enforce the collection of the inspection and supervision fee under the provisions of R.S. 45:1177 and 45:1178 and in assessing the annual fee, the sworn annual statements filed with the commission shall be used to ascertain the amount of the gross revenues upon which the fee is to be computed.

La. R.S. 45:1180 (A) provides that:

Whenever the commission makes an examination of the affairs of any person doing a public service or public utilities business in Louisiana concerning matters affecting services or rates charged by such public service or public utilities businesses to Louisiana consumers, all expenses incurred by the commission for services necessary to assist the commission in conducting such examination, including the expenses and fees of engineers, consultants, accountants, or such other support staff and clerical assistants specially employed to make the examination, shall, at the discretion of the commission, be paid by the person so examined.

General Order dated August 4, 2004 provides in part as follows:

Contract attorneys and consultants shall be retained by the Commission in those instances in which the Commission has determined that such is necessary for the Commission to fulfill its constitutional mandate, due to

insufficient available manpower or inadequate levels of expertise or experience within the existing Commission staff.

Background

At the May 17, 2011 Business and Executive Session, Staff was directed to open a Rulemaking Docket for the Transportation and Utilities Divisions of the Commission, to examine procedures for the enforcement of the payment of accurate I & S Fees, including audit procedures, a hearing process and the establishment of fines and fees for the failure to properly report and pay to the Louisiana Department of Revenue, I & S Fees, provided for in La. R.S. 45:1177. Notice of the Rulemaking was published in Bulletin 985, May 27, 2011 and provided for an intervention period of 15 days. Staff requested specific comments no later than June 15, 2011. Interventions and Comments were filed by Atmos Energy Corporation, Sprint Spectrum, L.P. D/B/A Sprint PCS, Sprint Communications Company, LP, Nextel South Corp., NPCR, Inc. D/B/A Nextel Partners, Cleco Power LLC, CenterPoint, Small Company Committee, Cox Louisiana Telecom, LLC, Custom Ecology, Inc., Stranco, Inc., Vacuum Truck Carriers of Louisiana, Inc., East Ascension Telephone Company D/B/A EATEL, The Association of Louisiana Electric Cooperatives, Inc. D/B/A ALEC and Dixie Electric Membership Corporation ("DEMCO").

Interventions and Comments

The majority of the interventions filed simply stated an interest in the rulemaking as a regulated company subject to the payment of I & S Fees. The intervenors simply perfected their rights to participate in the rulemaking and to present additional comments once the proposed rule was formulated and became available for review. Intervenors, Custom Ecology, Inc., Stranco, Inc. and Vacuum Truck Carriers of Louisiana, Inc., filed comments noting that as certificated carriers, they pay I & S Fees and support the placement of a system whereby all common carriers must pay their I & S Fees. They noted that the failure of some carriers to pay said fees places them at an unfair competitive advantage and that all carriers should operate from a leveled playing field.

A Technical Conference was held on August 8, 2011. Janet Boles appeared on behalf of Custom Ecology, Inc., Stranco, Inc. and Vacuum Truck Carriers of Louisiana, Inc. and offered comments on the proposed order, pointing out that the order applies only to LPSC regulated companies and suggested that a provision should be included to impose inspection and supervision fees as a portion of the fine imposed upon illegal carriers when found guilty of operating without LPSC authority. Ms. Boles also requested that the Commission provide a grace period for implementation of this order to provide regulated companies a reasonable period of time to come into compliance and correct any possible errors in their inspection and supervision accounts with the Department of Revenue. Jim Ellis appeared on behalf of various regulated companies and expressed a concern about the cost associated with auditing small firms and the imposition of those cost upon said companies. Jamie Watts appeared on behalf of Cox Louisiana Telecom and questioned what is defined as regulated income for purposes of the payment of inspection and supervision fees. Towing and Recovery Professionals of Louisiana also appeared, but offered no comments.

Staff Recommendation

Staff recommends that the Commission adopt the following Order:

Commission Staff is hereby authorized to audit any and all companies regulated by the Commission (public utilities and motor carriers) to determine whether said companies are accurately reporting regulated income to the Louisiana Department of Revenue for purposes of paying I & S Fees due to the Commission. Said audits may be conducted by mail inquiry and/or site audits as deemed necessary by Commission Staff. If it is determined by Commission Staff that a regulated company has failed to pay I & S Fees which are due to the Commission, Staff may pursue the payment of all fees due by forwarding its audit findings to the Louisiana Department of Revenue for assessment and collection and may also issue a citation to the regulated company to show cause at a public hearing before the Commission Administrative Law Division why it should not be Ordered to pay said fees, together with a fine not greater than \$10,000.00 and the fees, costs and expenses associated with said audit if performed by an outside consultant or specially employed personnel pursuant to the provisions of La. R.S. 45:1180 (A) and General Order dated August 4, 2004.

It is also recommended that said order provide the additional following provision:

All Annual Reports filed with the Commission by regulated companies shall form the basis for the assessment of I & S Fees as provided for in La. R.S. 45:1779 and shall be sworn to before a notary public by the owner or officer/officers having personal knowledge of the fact set forth therein.

It is also recommended that this order become effective immediately, but not be implemented for a period of 60 days to allow all regulated companies the opportunity to receive notice of the order and to correct any possible issues which may exist with their Department of Revenue inspection and supervision accounts and/or to come in compliance with their inspection and supervision obligations under La RS 45:1177 est seq.

IT IS THEREFORE ORDERED

That Commission Staff is hereby authorized to audit any and all companies regulated by the Commission (public utilities and motor carriers) to determine whether said companies are accurately reporting regulated income to the Louisiana Department of Revenue for purposes of paying I & S Fees due to the Commission. Said audits may be conducted by mail inquiry and/or site audits as deemed necessary by Commission Staff. If it is determined by Commission Staff that a regulated company has failed to pay I & S Fees which are due to the Commission, Staff may pursue the payment of all fees due by forwarding its audit findings to the Louisiana Department of Revenue for assessment and collection and may also issue a citation to the regulated company to show cause at a public hearing before the Commission Administrative Law Division why it should not be Ordered to pay said fees, together with a fine not greater than \$10,000.00 and the fees, costs and expenses associated with said audit if performed by an outside consultant or specially employed personnel pursuant to the provisions of La. R.S. 45:1180 (A) and General Order dated August 4, 2004.

IT IS FURTHER ORDERED

All Annual Reports filed with the Commission by regulated companies shall form the basis for the assessment of I & S Fees as provided for in La. R.S. 45:1779 and shall be sworn to before a notary public by the owner or officer/officers having personal knowledge of the facts set forth therein;

IT IS FURTHER ORDERED

That this order is effective immediately, but is not to be implemented for a period of 60 days to allow all regulated companies the opportunity to receive notice of the order and to correct any possible issues which may exist with their Department of Revenue inspection and supervision accounts and/or to come in compliance with their inspection and supervision obligations under La RS 45:1177 est seq.
