OFFICIAL BULLETIN #990

August 05, 2011

This Official Bulletin was published by the Louisiana Public Service Commission, Galvez Building, 12th Floor, 602 North Fifth Street, Baton Rouge, Louisiana, 70802 (Post Office Box 91154, Baton Rouge, Louisiana 70821-9154), established under authority of Article IV, Section 21 of the Louisiana State Constitution. This material was printed at a cost of \$0.88 per Bulletin.

DEADLINE FOR FILING MATERIALS TO APPEAR IN THE NEXT OFFICAL BULLETIN IS 04:30 PM ON TUESDAY, AUGUST 16, 2011 PRIOR TO MAILING ON FRIDAY, AUGUST 19, 2011. DOCUMENTS FILED AFTER THAT TIME WILL APPEAR IN THE NEXT REGULAR OFFICIAL BULLETIN.

OPEN SESSION WILL BE WEDNESDAY, AUGUST 10, 2011 AT 08:30 AM, NATCHEZ ROOM, GALVEZ BUILDING, 602 NORTH FIFTH STREET, BATON ROUGE, LA 70802

Listed in this Bulletin are applications docketed for public hearing by this Commission. (Other docketed matters may be noticed individually under separate cover.) Any person wishing to intervene in any of the proceedings shall so notify the Commission in writing at its Baton Rouge Office in time for such notice to appear in the Commission's Office not later than Twenty-Five (25) days from date of this publication unless otherwise noted. The notice shall identify each proceeding and its docket number, set forth the interest of the intervenor or opponent and where possible the number and name of witnesses to be called and anticipated and any other known interested parties. Persons of record will subsequently be notified of time and place of hearing when fixed. (Copies of application or complaint will be furnished upon request.) In cases where applications for the transfer of Transportation certificates and permits are unopposed after expiration of the publication period and the Staff is satisfied that the transferor has operated the authority pursuant to requirements of LRS 45:166b and that the transferee is ready, fit and able to operated the authority, the authority shall be transferred after expedited hearing and the appropriate filings being made. Likewise, uncontested applications for Transportation certificates and permits will also be approved after expedited hearing and the staff is satisfied that the record after hearing does reveal that a prima facie case of public need and necessity/public interest has been shown.

**RFP 11-07
LOUISIANA PUBLIC SERVICE COMMISSION
REQUEST FOR PROPOSAL ("RFP")**

**In re: First Annual Review of the Federal Environmental Adjustment Clause filings of
Southwestern Electric Power Company**

Pursuant to the provisions of the Louisiana Public Service Commission's ("Commission") General Order dated August 4, 2004 regarding the selection of contract employees to represent the Commission, General Counsel, on behalf of the Commission, is seeking proposals from independent technical consultants to assist the Commission in reviewing the legal and technical issues related to the above referenced docket. Any applicant who is chosen to represent the Commission shall be bound by the terms and conditions set forth in the General Order, as well as those included in this RFP and the applicant's responsive Proposal.

This proceeding will involve the first comprehensive review of Southwestern Electric Power Company's ("SWEPCO") federal environmental adjustment clause filings pursuant to General Order No. R-29380 Subdocket A ("FEAC Order"). The FEAC Order provides electric utilities with a cost recovery mechanism for the purchase and sale of air emission credits needed to meet local, state, and federal environmental regulations, including the purchase or sale of air emission credits needed to comply with the Clean Air Act Amendments ("CAAA") of 1990 as well as the Clean Air Interstate Rule ("CAIR") promulgated by the U.S. Environmental Protection Agency ("U.S. EPA") on March 10, 2005. Pursuant to General Order No. R-29380 Subdocket A, SWEPCO began passing cost associated with the purchases of emission allowances through its environmental adjustment mechanism in November 2009 and made its first monthly filing December 2009. The Order provides that after the first year of applicability of the mechanism, the Company's expenditures are to be audited annually. This audit will be similar to the Commission's fuel audits pursuant to General Order No. U-21497 dated November 6, 1997.

Applicants must be qualified to work together with the Staff of the Commission to analyze and resolve the principal issues outlined below, together with any additional issues which Staff, special counsel and consultants may deem appropriate. All proposals shall include an outline of a plan of action for conducting the investigation, the hearings, if any, as well as any appeals, together with estimated time-lines and separate fees and costs associated with each phase of the representation. However, in the event, an applicant is chosen; Commission and its Staff shall have the right to determine how the tasks will be carried out. In addition, all proposals shall be accompanied by a professional firm resume indicating the qualifications and experience necessary to meet the requirements of this RFP.

In the event that it becomes necessary to revise any part of this RFP, an addendum will be mailed to each applicant who has timely submitted a proposal. Applicants will be given a minimum of five days to respond to any addenda.

I. Principal Issues:

All applicants must be prepared and qualified to work together with the Staff of the Commission to analyze and resolve the principal issues outlined below, together with any additional issues which Staff and such Consultants may deem appropriate.

- A. Whether the costs passed through the FEAC were reasonable and prudent.
- B. Whether the costs were appropriate and eligible for recovery in the FEAC mechanism consistent with Commission General Order dated July 21, 2009.
- C. Whether the costs passed through the FEAC produced just and reasonable rates.
- D. Whether the costs passed through the FEAC were necessary for the provision of electric service.

II. Scope of Representation

The scope of representation ("Scope") involves commencement of the first annual FEAC audit of SWEPCO. The scope includes, but is not necessarily limited to, review and analysis of all filings made to the LPSC by SWEPCO, meetings with Staff and Commissioners, meetings with SWEPCO, possible site visits, assisting Staff in the preparation of discovery, direct and rebuttal testimony, and other tasks normally associated with the pre-hearing process, participation in hearings, assisting with information necessary to prepare post-hearing briefs and taking the audits to and through the issuance of the final Commission Order. The Scope of Representation does not include representation of the Commission in the event of an appeal of the Order to state or federal court.

Each audit shall result in an Audit Report containing the results of the investigation. That report must contain specific findings and recommendations concerning whether the costs passed through the FEAC were or were not reasonable and prudent, and whether the costs were appropriate for recovery in the FEAC mechanism consistent with the General Order. The Audit Report shall not reveal sensitive and proprietary information.

The time period ("Period of Representation") estimated to complete the Scope of representation is estimated at approximately 12 months. This is merely an estimate and the Commission makes no representations as to the accurateness of the Period of Representation.

III. Minimum Requirements:

To be considered, all applicants must meet the following minimum requirements *in addition to those provided in this Commission's General Order dated August 4, 2004*. Consideration will be given to factors such as educational background and achievement, practical experience in the field of public utility practice, and similar practice before other state public utility commissions.

Applicants shall be experienced in analyzing the operations, books and records of utility companies for the purpose of setting just and reasonable rates, including, but not limited to, calculation related to costs passed through the federal environmental adjustment clause. Applicant shall also be familiar with the types of costing methodologies utilized by the LPSC for its jurisdictional electric companies and the Commission's orders with respect thereto. In addition, applicants shall be qualified to render expert testimony, and to be cross-examined, with respect to the following:

- the requirements for electric utility compliance with the Clean Air Interstate Rule as it existed at the time the audited purchases were made;
- appropriate accounting standards and practices for utilities, public utility accounting, and generally accepted auditing standards;
- appropriate ratemaking adjustments to be made to the utility's accounting records;
- appropriate allocations of costs to base rates and fuel;
- recoverable expenses for ratemaking purposes;
- just and reasonable costs and prudent investments associated with providing reliable and quality service;
- costs passed through to ratepayers which are considered reasonable and prudent, appropriate and/or eligible for recovery pursuant to Commission orders, which are necessary for the provision of the FEAC and which have or will produce just and reasonable rates.
- utility taxation issues

All proposals shall include a plan of action, estimated timeline, and fees and costs associated with conducting the two audits. This will result in one proposal for the two audits combined. However, in the event an applicant is chosen, Commission and its Staff shall have the right to determine how the tasks will be carried out. In addition, all proposals shall demonstrate that the Applicant has the qualifications and experience necessary to meet the requirements of this RFP. Applicants will only be considered if proposals meet all of the requirements of this RFP and the Commission's Contract Order.

IV. Estimate the Cost:

All applicants responding to the Request for Proposal shall quote their rates on an hourly basis and shall also submit an estimated total budget. Professional fees and costs should be itemized separately. Once selected, an applicant's rates and budget shall not be altered except by formal approval of the Commission.

V. Disclosure of Conflicts of Interest:

As specified in the Commission's August 4, 2004 General Order, current, as well as present or future employment which could result in a conflict of interest as detailed in the Rules of Professional Conduct of the Louisiana State Bar Association (Attorneys) shall be prominently and separately disclosed. Consultants must also disclose any possible conflicts of interest.

VI. Disclaimer

The LPSC reserves the right to reject any proposals, to amend and/or supplement this RFP at any time, and to consider proposals or modifications thereof received at any time prior to LPSC vote at Open Session, if such action is found by the LPSC to be in the public interest. Pursuant to the General Order regarding the selection of contract employees, the LPSC has the right to accept other than the lowest offer with regard to price. In addition, there is also no assurance, express or implied, that an award will necessarily be made pursuant to this RFP.

VII. Billing Guidelines:

As required by the August 4, 2004 General Order, all bills will be rendered monthly and shall specifically identify and describe all work performed, the person performing such work, the time and charge for such work, and shall additionally show the total amount billed to date and the authorized original estimate. Bills will be rendered in strict accordance with the Commission's guidelines. Expenses shall also be separately disclosed with proof of such expenses attached.

Expenses, where applicable, shall be reimbursed at state authorized rates as specified in the Travel Policies and Procedures Memorandum issued by the State of Louisiana, Division of Administration in effect at the time such expenses are incurred ("Allowable Expenses"). Any expenses that exceed the Allowable Expenses shall be borne by the contract employee and shall not be reimbursed by either the Commission, or the correspondent utility, unless otherwise specified by the Commission.

VIII. Procedure to Submit Proposals:

Interested parties should submit the *original (hard copy), six (6) copies, and e-mail an electronic copy* of the proposal to:

RE: RFP 11-07

Louisiana Public Service Commission, ex parte. First annual review of the federal environmental adjustment clause filings of Southwestern Electric Power Company.

To be considered, an original, six copies, and the electronic copy of the proposal must be received on or before **September 15, 2011 by 4:30 p.m. CST**. Information concerning billing procedures and the Commission's RFP policy may be obtained from the address listed above, or by calling (225) 342-1418.

RFP 11-08
LOUISIANA PUBLIC SERVICE COMMISSION
REQUEST FOR PROPOSAL (“RFP”)

**In Re: First Annual Review of the Federal Environmental Adjustment Clause filings of Cleco
Power L.L.C.**

Pursuant to the provisions of the Louisiana Public Service Commission’s (“Commission”) General Order dated August 4, 2004 regarding the selection of contract employees to represent the Commission, General Counsel, on behalf of the Commission, is seeking proposals from independent technical consultants to assist the Commission in reviewing the legal and technical issues related to the above referenced docket. Any applicant who is chosen to represent the Commission shall be bound by the terms and conditions set forth in the General Order, as well as those included in this RFP and the applicant’s responsive Proposal.

This proceeding will involve the first comprehensive review of Cleco Power L.L.C. Company’s federal environmental adjustment clause filings pursuant to General Order No. R-29380 Subdocket A (“FEAC Order”). The FEAC Order provides electric utilities with a cost recovery mechanism for the purchase and sale of air emission credits needed to meet local, state, and federal environmental regulations, including the purchase or sale of air emission credits needed to comply with the Clean Air Act Amendments (“CAAA”) of 1990 as well as the Clean Air Interstate Rule (“CAIR”) promulgated by the U.S. Environmental Protection Agency (“U.S. EPA”) on March 10, 2005. Pursuant to General Order No. R-29380 Subdocket A, Cleco began passing cost associated with the purchases of emission allowances through its environmental adjustment mechanism in November 2009 and made its first monthly filing December 2009. The Order provides that after the first year of applicability of the mechanism, the Company’s expenditures are to be audited annually. This audit will be similar to the Commission’s fuel audits pursuant to General Order No. U-21497 dated November 6, 1997.

Applicants must be qualified to work together with the Staff of the Commission to analyze and resolve the principal issues outlined below, together with any additional issues which Staff, special counsel and consultants may deem appropriate. All proposals shall include an outline of a plan of action for conducting the investigation, the hearings, if any, as well as any appeals, together with estimated time-lines and separate fees and costs associated with each phase of the representation. However, in the event, an applicant is chosen; Commission and its Staff shall have the right to determine how the tasks will be carried out. In addition, all proposals shall be accompanied by a professional firm resume indicating the qualifications and experience necessary to meet the requirements of this RFP.

In the event that it becomes necessary to revise any part of this RFP, an addendum will be mailed to each applicant who has timely submitted a proposal. Applicants will be given a minimum of five days to respond to any addenda.

VIII. Principal Issues:

All applicants must be prepared and qualified to work together with the Staff of the Commission to analyze and resolve the principal issues outlined below, together with any additional issues which Staff and such Consultants may deem appropriate.

- A. Whether the costs passed through the FEAC were reasonable and prudent.
- B. Whether the costs were appropriate and eligible for recovery in the FEAC mechanism consistent with Commission General Order dated July 21, 2009.
- C. Whether the costs passed through the FEAC produced just and reasonable rates.
- D. Whether the costs passed through the FEAC were necessary for the provision of electric service.

IX. Scope of Representation

The scope of representation (“Scope”) involves commencement of the first annual FEAC audit of Cleco. The scope includes, but is not necessarily limited to, review and analysis of all filings made to the LPSC by Cleco, meetings with Staff and Commissioners, meetings with Cleco, possible site visits, assisting Staff in the preparation of discovery, direct and rebuttal testimony, and other tasks normally associated with the pre-hearing process, participation in hearings, assisting with information necessary to prepare post-hearing briefs and taking the audits to and through the issuance of the final Commission Order. The Scope of Representation does not include representation of the Commission in the event of an appeal of the Order to state or federal court.

Each audit shall result in an Audit Report containing the results of the investigation. That report must contain specific findings and recommendations concerning whether the costs passed through the FEAC were or were not reasonable and prudent, and whether the costs were appropriate for recovery in the FEAC mechanism consistent with the General Order. The Audit Report shall not reveal sensitive and proprietary information.

The time period (“Period of Representation”) estimated to complete the Scope of representation is estimated at approximately 12 months. This is merely an estimate and the Commission makes no representations as to the accurateness of the Period of Representation.

X. Minimum Requirements:

To be considered, all applicants must meet the following minimum requirements *in addition to those provided in* this Commission’s General Order dated August 4, 2004. Consideration will be given to factors such as educational background and achievement, practical experience in the field of public utility practice, and similar practice before other state public utility commissions.

Applicants shall be experienced in analyzing the operations, books and records of utility companies for the purpose of setting just and reasonable rates, including, but not limited to, calculation related to costs passed through the federal environmental adjustment clause. Applicant shall also be familiar with the types of costing methodologies utilized by the LPSC for its jurisdictional electric companies and the Commission’s orders with respect thereto. In addition, applicants shall be qualified to render expert testimony, and to be cross-examined, with respect to the following:

- the requirements for electric utility compliance with the Clean Air Interstate Rule as it existed at the time the audited purchases were made;
- appropriate accounting standards and practices for utilities, public utility accounting, and generally accepted auditing standards;
- appropriate ratemaking adjustments to be made to the utility’s accounting records;
- appropriate allocations of costs to base rates and fuel;
- recoverable expenses for ratemaking purposes;
- just and reasonable costs and prudent investments associated with providing reliable and quality service;
- costs passed through to ratepayers which are considered reasonable and prudent, appropriate and/or eligible for recovery pursuant to Commission orders, which are necessary for the provision of the FEAC and which have or will produce just and reasonable rates.
- utility taxation issues

All proposals shall include a plan of action, estimated timeline, and fees and costs associated with conducting the two audits. This will result in one proposal for the two audits combined. However, in the event an applicant is chosen, Commission and its Staff shall have the right to determine how the tasks will be carried out. In addition, all proposals shall demonstrate that the Applicant has the qualifications and experience necessary to meet the requirements of this RFP. Applicants will only be considered if proposals meet all of the requirements of this RFP and the Commission’s Contract

Order.

XI. Estimate the Cost:

All applicants responding to the Request for Proposal shall quote their rates on an hourly basis and shall also submit an estimated total budget. Professional fees and costs should be itemized separately. Once selected, an applicant's rates and budget shall not be altered except by formal approval of the Commission.

XII. Disclosure of Conflicts of Interest:

As specified in the Commission's August 4, 2004 General Order, current, as well as present or future employment which could result in a conflict of interest as detailed in the Rules of Professional Conduct of the Louisiana State Bar Association (Attorneys) shall be prominently and separately disclosed. Consultants must also disclose any possible conflicts of interest.

XIII. Disclaimer

The LPSC reserves the right to reject any proposals, to amend and/or supplement this RFP at any time, and to consider proposals or modifications thereof received at any time prior to LPSC vote at Open Session, if such action is found by the LPSC to be in the public interest. Pursuant to the General Order regarding the selection of contract employees, the LPSC has the right to accept other than the lowest offer with regard to price. In addition, there is also no assurance, express or implied, that an award will necessarily be made pursuant to this RFP.

XIV. Billing Guidelines:

As required by the August 4, 2004 General Order, all bills will be rendered monthly and shall specifically identify and describe all work performed, the person performing such work, the time and charge for such work, and shall additionally show the total amount billed to date and the authorized original estimate. Bills will be rendered in strict accordance with the Commission's guidelines. Expenses shall also be separately disclosed with proof of such expenses attached.

Expenses, where applicable, shall be reimbursed at state authorized rates as specified in the Travel Policies and Procedures Memorandum issued by the State of Louisiana, Division of Administration in effect at the time such expenses are incurred ("Allowable Expenses"). Any expenses that exceed the Allowable Expenses shall be borne by the contract employee and shall not be reimbursed by either the Commission, or the correspondent utility, unless otherwise specified by the Commission.

VIII. Procedure to Submit Proposals:

Interested parties should submit the *original (hard copy), six (6) copies, and e-mail an electronic copy* of the proposal to:

RE: RFP 11-08

To be considered, an original, six copies, and the electronic copy of the proposal must be received on or before **September 15, 2011 by 4:30 p.m. CST**. Information concerning billing procedures and the Commission's RFP policy may be obtained from the address listed above, or by calling (225) 342-1418.

RFP 11-09
LOUISIANA PUBLIC SERVICE COMMISSION
REQUEST FOR PROPOSALS ("RFP")

R-29380 Subdocket B – Louisiana Public Service Commission, ex parte.

In re: An Investigation into the Ratemaking and Generation Planning Implications of the U.S. EPA Clean Air Interstate Rule

Pursuant to the provisions of the Louisiana Public Service Commission's ("Commission") General Order dated August 4, 2004, regarding the selection of contract employees to represent the Commission, General Counsel, on behalf of the Commission, is seeking proposals from independent **counsel** to assist the Commission in-house Staff ("Staff") in conducting a review and determination of the merits of a judicial appeal of the U.S. Environmental Protection Agency's ("EPA") Cross-State Air Pollution Rule ("CSAPR") announced July 7, 2011, but as of this date not yet published in the Federal Register. Should a petition for reconsideration or judicial review be required, independent counsel will assist Staff in the handling of such reconsideration or appeal.

I. Overview

This subdocket was originally published on October 15, 2010, in order to investigate and file comments on the EPA's proposed Clean Air Transport Rule published in the Federal Register August 2, 2010 under EPA Docket No. EPA-HQ-OAR-2009-0491. The LPSC Staff filed comments in the EPA's rulemaking on October 1, 2010, prior to the publication, and filed a second set of comments to the EPA after receiving input from stakeholders in this subdocket. Both sets of the LPSC Staff's comments are publicly available at www.epa.gov, and on the LPSC's Star imaging system under Docket No. R-29380 Subdocket B.

On July 7, 2011, the EPA announced its final rule (changing the name from the Transport Rule to the Cross-State Air Pollution Rule). This final rule has not yet been published in the Federal Register; and therefore in-house Staff is of the opinion that the time delays for reconsideration and/or appeal have not yet begun to run. Nevertheless, once it is published there will be a very short window (60 days) to file the reconsideration and/or appeal, and therefore it is necessary to issue this RFP while we are still undergoing our preliminary analysis.

In addition, and in order to make a recommendation to the Commission at its September 7, 2011 B&E, the Commission's in-house Staff is holding a technical conference that is tentatively scheduled for August 26, 2011 in the 11th Floor Hearing Room of the Galvez Building. Comments will be requested in advance of the technical conference.

Staff's assessment of CSAPR will require an in-depth analysis and evaluation of the costs that will be incurred by the Companies in order to comply with CSAPR and its implications on ratemaking and generation planning. This analysis includes, but is not limited to, a review of the compliance plans of LPSC-jurisdictional utilities, an examination of the availability of alternative compliance methods, and a decision whether or not to request reconsideration of the rule and/or file a petition for judicial review.

All proposals shall include an outline of a plan of action for conducting the investigation, the hearings, if any, as well as any appeals, together with estimated time-lines and separate fees and costs associated with each phase of the representation. However, in the event an applicant is chosen; Commission and its Staff shall have the right to determine how the tasks will be carried out. In addition, all proposals shall be accompanied by a professional firm resume indicating the qualifications and experience necessary to meet the requirements of this RFP.

Applicants should be prepared to participate in conferences with parties and their legal counsel and/or consultants, attend meetings with Commissioners and their staff, represent the Commission in conducting a full investigation including reviewing the comments submitted by parties regarding their assessment of CSAPR; requesting additional information; preparation for and attending meetings; preparation of any documents necessary on reconsideration/appeal, participation in proceedings held before the EPA or United States Court of Appeals for the District of Columbia, appearing before the Commission at one or more Business and Executive Sessions, and preparation of orders.

I. Minimum Requirements:

To be considered, all applicants must meet the following minimum requirements *in addition to those provided in this Commission's General Order dated August 4, 2004*. Consideration will be given to factors such as educational background and achievement, practical experience in the field of public utility regulation, and similar practice before other regulatory agencies or public utility commissions.

Applicants shall also, at a minimum, be experienced in the presentation of cases involving public utility regulation, or other regulatory issues on administrative and judicial levels, including the presentation of witnesses on direct examination, cross examination of adverse witnesses, the conduct of discovery, and the taking of appeals. Consideration given to indicia of competence such as previous experience and success handling complex cases, success on appeals, publications of a legal nature, educational achievement and other previous employment suggesting competence in the litigation of matters involving the above areas; significant personal practice before regulatory agencies such as the EPA, SEC, FERC, FCC, the United States Court of Appeal for the District of Columbia, or other similar entities may be a favorable factor. Firm size may be considered in matters likely to be prolonged, complex, or involving multiple forums.

II. Scope of Project

The Project anticipates a thorough review of CSAPR and evaluation of the compliance plans of LPSC-jurisdictional utilities to determine the anticipated impacts on LPSC-jurisdictional utilities and more generally, the citizens of the State of Louisiana. Further the project anticipates a recommendation regarding judicial action (which may or may not occur prior to the deadline for filing the initial pleading necessary to seek reconsideration or judicial review); the merits of such action; the likelihood of success; as well as the participation in litigation before the EPA or the United States Court of Appeals for the District of Columbia.

III. Estimate of Costs

All applicants responding to the Request for Proposal shall quote their rates on an hourly basis and shall also submit an estimated total budget, which shall separate professional fees from costs and set out a separate budget for each phase of the project. However, applicants shall only be allowed to charge for actual hours of work performed and costs incurred. Once selected, an applicant's rates and budget shall not be altered except by formal approval of the Commission.

IV. Conflict of Interest

Previous or current employment which could result in a conflict of interest shall be prominently and separately disclosed. Failure to fully disclose any potential conflict shall result in the automatic disqualification of an applicant.

V. Billing Guidelines

As required by the August 4, 2004 General Order, all bills will be rendered monthly and shall specifically identify and describe all work performed, the person performing such work, the time and charge for such work, and shall additionally show the total amount billed to date and the authorized original estimate. Bills will be rendered in strict accordance with the Commission's guidelines. Expenses shall also be separately disclosed with proof of such expenses attached.

Expenses, where applicable, shall be reimbursed at state authorized rates as specified in the Travel Policies and Procedures Memorandum issued by the State of Louisiana, Division of Administration in effect at the time such expenses are incurred ("Allowable Expenses"). Any expenses that exceed the Allowable Expenses shall be borne by the contract

employee and shall not be reimbursed by either the Commission, or the correspondent utility, unless otherwise specified by the Commission.

VI.Reservation of Rights

Submission of any proposals to this Commission does not bind the Commission to engage any applicant. The Commission is also not bound to engage the applicant with the lowest bid.

VII.Submission of Proposals

Interested parties should submit the *original (hard copy), six (6) copies, and e-mail an electronic copy* of the proposal to:

Attention: Lisa Boudreaux

IT IS THEREFORE ORDERED: That Docket Number T-31955 be, and hereby is, DISMISSED without prejudice.

PART II - UTILITIES

A. RATE APPLICATIONS

DOCKET NO. U-31947 – Concordia Electric Cooperative, Inc ex parte. In re: Application for Adjustment in Retail Rates. Concordia Electric Cooperative, Inc. is seeking authority to implement an upward adjustment in its retail rates to its member/owners within the parishes of Caldwell, Catahoula, Concordia, Franklin, Grant, LaSalle and Tensas. The application was filed with the Louisiana Public Service Commission on May 24, 2011 and seeks an approximate annual rate increase of \$1,021,000 in revenues to Concordia Electric, representing a 6.0% increase above existing rates. It is estimated that the increase will have the following impact upon the monthly bills of Concordia Electric’s member/owners, based upon the June, 2011 power cost adjustment: a bill for Residential Service for 1,000 kWh would increase from \$83.67 to \$88.84; a bill for Residential Service to a seasonal camp for 400 kWh would increase from \$37.97 to 46.94; a bill for Commercial and Non-Residential Service for 5,000 kWh would increase from \$521.96 to \$536.26; a bill for General Service for 800 kWh would increase from \$89.57 to 92.02; a bill for Power Service for 17,500 kWh would increase from \$1,640.87 to \$1,721.22. **(Republished to include the amount of the requested increase)**

DOCKET NO. S-32041 -South Grant Water Corporation, Inc., ex parte. In re: Request for an increase in water rates (non-profit system).

J. ORDERS

ORDER NO. 07-22-2011-R-31417 - 7/22/11 - LPSC, ex parte- In re: Re-examination of the Commission's Net Energy Metering Rules found in General Order No. R-27558, dated November 30, 2005 (the "Net Metering Order") , At the Commission’s June 22, 2011 B&E, the Commission voted 4-1 to approve with modifications the proposed changes to its net metering rules issued June 10, 2011.

ORDER NO. 2011-06 - 7/27/11 - Resolutions- In re: Resolutions , Resolution 2011-06 provides the LPSC's endorsement of Senate Bill 400 (Senators Corker, Wyden, Murkowski, Burr, Graham, Chambliss and Lee; 112th Congress, 1st Session) designed to ensure that only customers who are projected to enjoy the benefits of new bulk transmission projects bear the costs of those projects.

ORDER NO. S-31948 - 8/3/11 - Eastside Utilities System, Inc. and Greater Ouachita Water Company, ex parte.- In re:

Request for a Letter of Non-Opposition to the transfer of a water system from Eastside Utilities System, Inc. to Greater Ouachita Water Company. , At its June 22, 2011 B&E, the Commission voted unanimously to approve the transfer of Eastside Utility System to Greater Ouachita Water Company.

ORDER NO. U-31196 - 8/3/11 - Entergy Louisiana, LLC and Entergy Gulf States Louisiana, L.L.C., ex parte- In re: Application of Entergy Louisiana, LLC for Approval to Purchase Power Block Two of the Acadia Energy Center, and Joint Application of Entergy Louisiana, LLC and Entergy Gulf States Louisiana, L.L.C. for Approval to Participate in Certain Related Contracts for the Purchase of Capacity and Electric Power and for Cost Recovery. , Order No. U-31196-D grants ELL an accounting order to defer costs of certain transmission upgrades on Cleco's transmission system needed to make Acadia Unit 2 a new network resource for the Entergy System.

ORDER NO. U-31392 - 8/3/11 - Cricket Communications, Inc. and Bellsouth Telecommunications, Inc. d/b/a AT&T Louisiana, ex parte.- In re: Petition of Cricket Communications, Inc. for Arbitration of Rates, Terms and Conditions of Interconnection with Bellsouth Telecommunications, Inc. d/b/a AT&T Louisiana. , On July 21, 2011, the parties filed a Joint Motion to Dismiss Proceedings, advising that on March 23, 2011, the Commission notified AT&T of the approval of Cricket Communications, Inc. and AT&T's extension amendment to the interconnection agreement filed in Docket No. U-31781. As a result, the parties represent to the Commission that all issues have been resolved and are seeking dismissal of this proceeding. IT IS THEREFORE ORDERED: That Docket Number U-31392 be, and hereby is, DISMISSED.

ORDER NO. U-31791 - 7/27/11 - Country Place Utilities, LLC, ex parte- In re: Application for an increase in sewer rates to customers within its service territory in Caddo Parish. , IT IS THEREFORE ORDERED: That Docket Number U-31791 be, and hereby is, DISMISSED without prejudice.

ORDER NO. U-31841 - 7/22/11 - Entergy Gulf States Louisiana, ex parte- In re: Application of Approval to Purchase Electric Power from the Dow Plaquemine Facility, and for Cost Recovery. , At the Commission's June 22, 2011 B&E, the Commission voted unanimously to accept the Staff Recommendation and Approve the Application.

ORDER NO. U-31970 - 8/3/11 - Sabine Pass LNG, LP and Sabine Pass Liquefaction, LLC ex parte.- In re: Petition for Jurisdictional Determination. , Sabine Pass LNG, L.P. ("SPLNG") and Sabine Pass Liquefaction, LLC ("SP Liquefaction", and collectively with SPLNG, "Petitioners") filed a Petition for Jurisdictional Determination ("Petition") requesting this Commission to declare that the development, financing, construction, ownership, operation, maintenance, fuel transfers and conversions, power generation and transfers, and any and all interests whether arising from investment, ownership, lease, mortgage or assignment, with respect to SPLNG and its liquefied natural gas ("LNG") terminal including the on-site generation ("Terminal"), SP Liquefaction and its proposed natural gas liquefaction facility ("Liquefaction Facility"), and the conversion of natural gas by SPLNG's generation and resulting power supply to the Liquefaction Facility as described in the Petition will not render SPLNG, the Terminal, SP Liquefaction, the Liquefaction Facility, Cheniere Energy Investments, LLC ("Cheniere") and any Cheniere affiliates with a direct or indirect interest in Petitioners, or any financial institutions or lenders providing debt or equity capital in connection with the financing of Petitioners or their respective affiliates, including any administrative agent, collateral agent or successors, assignees or designees of any of the foregoing financial institutions (collectively, the "Lenders"), either individually or collectively, a public utility or an electric public utility, as those terms are used in Article IV, Section 21 of the Louisiana Constitution and Title 45 of the Louisiana Revised Statutes, including but not limited to La. R.S. 45:121, La. R.S. 45:1161 and La. R.S. 45:1164, or otherwise subject Petitioners, the Terminal, the Liquefaction Facility, Cheniere and any Cheniere affiliates with a direct or indirect interest in Petitioners, or the Lenders to regulation as a public utility or an electric public utility by the Commission, pursuant to the Louisiana Constitution, or any other relevant state statute, or LPSC rule, order, regulation or practice. The Commission issued an order on July 27, 2011 to allow SP Liquefaction to generate its own power and to avail itself of certain opportunities relative to the financing, commercial development and construction of the Liquefaction Facility and to obtain necessary permits and equipment on a timely basis.

PART III - CASE SCHEDULE (unofficial & not necessarily complete)

The following cases are scheduled before this Commission as of the date of this notice at the time and on the date
